Description

This 92’ 11” CUSTOM LINE NAVETTA 28 for sale, boasts superyacht flair in a very efficient package. This compact, yet spacious semi-planing tri-deck motor yacht was designed by Zuccon International Project with Ferretti Engineering Department developing the naval architecture.

Possible to register under 24 metres load-line length, the CUSTOM LINE NAVETTA 28 is a 28.31m luxury yacht, built in Italy in 2017 and first commissioned in 2018. Her top speed is 16 knots, while cruising at 13.5 knots, and she boasts a maximum cruising range of 1400 nautical miles at 10 knots with power coming from twin 1200 Hp MAN diesel engines.

The CUSTOM LINE NAVETTA 28 is recognizable from the unmistakable exterior profile and the panoramic dining area with round glass sliding doors which allow for great flexibility in the use of the upper deck. The large sunbathing area is a comfortable sundeck, which is fitted with a Jacuzzi tub and awning.

Her dual-mode transom (DMT), patented by Ferretti, can be folded down to make a beach area, while a section of teak deck can be unshipped from the roof of the garage and slotted in to almost double the beach area’s size. To launch the tender, the hatch opens upwards. The aft platform lowers into the water, flooding the stern dock, while a supporting cradle descends and the tender floats free. This impressively creative piece of engineering is worthy of a Superyacht twice the 28’s size.

On the main deck, a continuous window goes from stern to bow, while below deck there are four innovative hull windows at the level of the guest cabins, installed for the first time on the market, with “invisible” portholes glued onto the glass itself.

When guests walk into the salon, they are welcomed by a large, carefully structured open space. To starboard you have the galley, towards the bow, you reach the area reserved to the ship Owner’s master stateroom with a large bathroom and walk-in wardrobe. She can comfortably accommodate up to 10 guests in 5 luxury en-suite cabins with 5 crew members in 3 additional cabins with separate access.

Belowdecks you will find 4 guest cabins, 3 of which are fitted with double beds (one of them with sliding beds) and a twin cabin, all of them with en-suite facilities.

Comprehensively equipped with sundeck jacuzzi, a state-of-the-art A/V entertainment system, this CUSTOM LINE NAVETTA 28 for sale, also carries electro-hydraulic zero-speed (underway + at anchor) stabilizers for maximum comfort.

Early viewings are highly recommended.
