

MOTOR YACHT

ROLA

ROLA, a yacht of upmost elegance, built by ISA Yacht Ancona - Italy in 2006.

ROLA underwent a 7 month full refit from autumn 2014 through to spring 2015, this extensive refit included updating of all technical equipment, exterior paint work and a new interior layout and design managed by the renown designer Cristiano Gatto.

You are spoilt for choice when it comes to watersport activities as all equipment has been equally updated with newly available water toys added to the large range we have to offer.

Equipped with a dynamic, competent crew whose main priority is ensuring guests have the best time on board is yet another strong point for ROLA.

Dining onboard will be a delectable experience, Eric our onboard chef is notably skilled having spent 16 years cooking in the high end restaurant and yachting industry. With his beautifully diverse cooking and imaginative presentation he will put together a menu based on guest preferences to ensure all mealtimes are thoroughly enjoyed by all.

Due to the *boats advanced stabiliser system* guests can enjoy the serenity that comes with being at sea in *ultimate comfort*.

*The spacious interiors
welcome you in a modern and
luxurious atmosphere.*

Onboard you will find 5 elegant and generously spacious cabins sleeping up to 11 guests with ease.

The water sport activities available onboard include the **most recent toys available** on the market.

The crew have received special training for the operating of all watersport equipment, it will be their pleasure to instruct correct and safe use of all. Crew are equipped with training licenses and are therefore able to instruct and give temporary jet ski licenses to clients during their stay onboard. There are also 2 seabobs available for everyone to enjoy.
