Year:	2006	Beam:	5.08 m
Condition:	Used		

## Description

---

This splendid and professionally maintained example of the PRINCESS V70 motor yacht is available for viewings (highly recommended) on the French Riviera. The British yard's V-Class flagship combined Princess craftsmanship, contemporary design & state of the art technology and engineering to produce an exceptional sports yacht.

Built in 2006 and first commissioned in 2007, this PRINCESS V70 has only been privately used. She is built on the largest engine version being the high-performance Caterpillar C32 twin Diesels offering 2 x 1675 Hp, delivering a cruise speed of 30 knots and top speed of 41 knots.

This PRINCESS V70 is probably the best looking of all the Princess models, with its sleek lines and dominating presence, she really is the top of the line. With a separate garage for tender and jet-ski, large sunbeds aft and forward, 3 spacious cabins accommodating 6 guests, opening sunroof on the hard-top, dark wood finish and large deck saloon, the vast amount of space that this motor yacht provides is stunning.

The vessel also has wide side walk-around teak decks and a starboard access door from helm as well as a large foredeck with additional sunbed.

This PRINCESS V70 for sale, features a comprehensive inventory including a full Mediterranean specification with upgraded generator, reversible air-conditioning, gangway, bow & stern thrusters, GRP hard-top, watermaker, satellite TV antenna and an Avon 320 Turbojet tender.

Please click on the « Full Specs » tab for complete details of this Performance Yacht.
