Description

The MOCHI LONG RANGE 23 motor yacht is designed and built by the Advanced Yacht Technology division at the Ferretti shipyard and Studio Zuccon; she is considered as a true mini-ship offering an exceptionally versatile layout with a fantastic private foredeck seating/relaxing area, making her perfect for cruising in the utmost comfort and safety on a tri-deck yacht.

This beautifully maintained and privately-owned example of the MOCHI LONG RANGE 23 has had a single and meticulous Owner and Crew since new and yearly winterized ashore undercover.

With volumes of a much larger yacht she features a versatile 3 cabin layout for 6 guests including a full beam master suite. In addition to the aft crew cabin there is a Captain's (penthouse) cabin on the bridge deck which can be used as a 4th guest cabin if needed.

This MOCHI LONG RANGE 23 is fitted with the highest build specification featuring the Diesel/Electric Hybrid mode for cruising or anchoring in silence. In addition, she has 5 control stations, zero speed and underway stabilizers, 2 wide opening salon side doors, the enclosed galley option, upgraded navigation and entertainment systems.

This MOCHI LONG RANGE 23 motor yacht for sale is British registered and VAT paid. Early viewings and offers encouraged.
