Description

Built on a planing hull in GRP by the renown Italian yard Sanlorenzo, this SANLORENZO SL82 was delivered in 2010. This flybridge motor yacht is one of the most acclaimed models in the SL82 series. The yacht carries full options, including hydraulic swim platform.

The aft deck is laid out for informal al fresco relaxation, with a dining table and directors' chairs, while the large flybridge offers a helm position, built-in seating and lounging, up and low extendable dining table, and 2 folding bimini tops.

An interior which can only be described as starkly minimalist, clear and fresh, comfortably accommodates up to 10 guests in 4 cabins comprising a master suite amidships, a VIP suite fore and 2 twin cabins with additional pullman beds, all with satellite television screens, entertainment centres and en-suite bathroom facilities. In addition, one further bow cabin sleeps 3 crew aboard this SANLORENZO SL82 yacht for sale.

The main saloon continues the minimalistic theme, with modern custom seating ensuring maximum comfort in front of an entertainment centre including a television screen and a stereo surround sound system. Forward is a formal dining area with seating for 8 and the convenient enclosed galley.

Powered by twin 1670 Hp Caterpillar Diesel engines, this SANLORENZO SL82 reaches top speeds exceeding 30 knots, while comfortably cruising at 23 knots.

Since the yacht is professionally serviced and perfectly maintained, if you enjoy a good turn of speed in an attractive, well-appointed and nicely arranged modern style, this SANLORENZO SL82 is definitely the perfect yacht for you. Viewings are highly encouraged in Tuscany.
