Description

Well maintained, fully serviced, with low hours and full options, the PRINCESS 56 motor yacht for sale was built in 2015 on a GRP planning hull, buy the renowned British yard.

The PRINCESS 56 flybridge yacht is the ultimate expression of luxury, design & performance in yachting. Two expansive social areas and a well-equipped galley grace the upper accommodation level of this yacht for inspired entertaining, creating acres of space for three generous cabins for 6 guests on the lower level.

The PRINCESS 56 flybridge cruiser offers ample space for elite entertaining and provides a luxurious Lifestyle option for our clientele. The full beam en-suite master cabin amidships provides plenty of room for you and offers an ensuite VIP cabin forward and a twin cabin makes up the rest of the guest accommodations.

Another important feature of the PRINCESS 56 yacht is that there is a separate and fully outfitted crew cabin located aft that may be also utilized for guests.

The teak table and plush seating in the cockpit provides an excellent entertaining area, in addition to the flybridge where extensive seating creates an ideal dining and socializing venue.

The latest resin infusion technology has been implemented in the hull of this magnificent Princess Yacht meaning the boat is stronger yet lighter and hence more fuel efficient. Twin 800 Hp Volvo Penta diesel engines can generate an impressive top speed of 32 knots, while comfortably cruising at 24 knots.

This PRINCESS 56 is fitted with a wide selection of options including a Seakeeper zero speed gyroscopic stabilizer, bow and stern thrusters, a hydraulic swim platform, premium entertainment system, powerful tropical air-conditioning system and larger generator.

Her current Owner will fully service the vessel and prepare her for delivery.

Early viewings and offers are highly recommended.

24 Volt:

- 4 x Heavy-duty batteries for engine starting
- 4 x Heavy-duty auxiliary batteries
- Battery link facility with remote control at helm position
- Both battery banks are charged using a voltage sensitive relay that parallels both battery banks when a charging source is present
- 80-amp 24V battery charger
- Remote battery isolator control switches at main switch panel position
- 24V to 12V convertor for certain navigation and radio circuits
- Circuit breakers on all circuits

220/240 Volt:

- 13.5 kW ONAN generator (in lieu of standard) in own sound shield with water-cooled and specially silenced exhaust (1020 h April 2022)
- Shore support inlet in cockpit locker
- Polarity check system
- Generator/shore support changeover controls at main control panel
- Earth leakage safety trip
- Circuit breakers on all circuits

Power points (240V) in:

- All cabins
- Galley
- Saloon

Shaver points in all bathrooms

FUEL SYSTEM

Twin fuel tanks (in NS8 marine grade alloy) with interconnection system giving 582 gallons/699 US gallons/2650 litres capacity

Fuel fillers on port and starboard side decks

High-capacity duplex fuel filters/water traps with audible and visual fuel contamination warning

system at lower helm

Remote fuel isolation controls in cockpit locker

Fuel gauges at lower helm console

WATER SYSTEM

Water tank in heavy duty polypropylene giving 114 gallons/137 US gallons/520 litres capacity plus

16 gallon/19 US gallon/73 litre hot water calorifier

Water level gauge

Deck filler

Water heated by engines and 240v immersion heater

Automatic water pump with filter

Pump circuit breaker at main switch panel

FIRE EXTINGUISHERS

Automatic/manual override fire extinguishers in engine room

Hand-operated fire extinguishers (6) in:

- Owner’s stateroom
- Forward guest cabin
- Starboard guest cabin
