Description

Larger, wider and featuring a 4 en-suite cabin layout, the DREAMLINE 28 motor yacht has revolutionized the flybridge yacht market under 24m CE hull length.

Timeless and stylish interior and exterior design applied to spacious areas is introduced by renowned naval designer Enrico Gobbi at Team4Design. He perfectly combined original shapes with convenient functionality, providing the DREAMLINE 28 yacht, with the maximum level of comfort.

DL YACHTS DREAMLINE features special "lama chine waveless hull" designed by Giuseppe Arrabito at Arrabito Naval Architects. Its ground-breaking shape tremendously reduces fuel consumption.

She's powered by twin low-houred 1400 Hp MAN Diesel engines reaching a top speed of 24 knots while comfortably cruising at 17 knots. An impressive range of 1800 nautical miles can be reached at her economical speed of 10 knots. Navigation on this 92' DREAMLINE is pleasant and extremely silent. The noise and vibration level is barely perceived of both the engines and generators.

Distinctive feature of this DREAMLINE 28 yacht for sale is an impressive Owner's suite on the main deck, offering a magnificent 180° panoramic sea view. A door to starboard allows private access to the foredeck from the Owner's cabin. 3 further spacious guest cabins are located on the lower deck each with en-suite bathrooms and a SPA/gym in addition, which can be converted into a 5th stateroom.

This DREAMLINE 28 boasts a full options package including zero speed stabilizers, stern garage with patented tender-launching and hydraulic swim platform, hard top and a comprehensive entertainment A/V system. Her total options represent € 1.7 Million.

DREAMLINE YACHTS represent rigorous care over technical details, top international class materials and technological solutions to reduce operating costs, all guarantee greater reliability, higher performance and unprecedented standards of comfort.
