Description

31.45m Astondoa 102 GLX Flybridge Yacht for Sale.

Built in GRP on a planing hull, the ASTONDOA 102 GLX is classified as a raised pilot house yacht, with two and a half decks, with a command bridge located between the main deck and the flybridge. Her profile features three large lateral windows, the largest of which illuminates the salon. The window on the bow illuminates the service areas whereas the upper lateral window is the natural continuation of the windscreen of the command bridge.

The ASTONDOA 102 GLX flybridge yacht is a prime example of the “Astondoa style”, accentuated by modern, sporting lines, at the same time being extremely elegant, both inside and out.

This ASTONDOA 102 GLX motor yacht for sale, with its state-of-the-art features, offers an evolution towards new horizons in the design and construction of large yachts. Based in Southern Spain, she offers distinctive features such zero speed fin stabilizers, bow garage for tender and stern garage for the jet-ski, plus a shiny navy-blue hull recently repainted in spring of 2019.

This Superyacht is a 31.5-meter (103’) yacht built by Astondoa in 2005. She can accommodate up to 10 guests in 4 en-suite staterooms, including a Master cabin with king size double bed and private en-suite, a VIP cabin with double bed and 2 twin cabins with single beds plus additional Pullman beds. On the main deck, you will find a day head, the main saloon, indoors elegant formal dining area, a media room with TV and a fully equipped galley. In addition, the vessel carries crew accommodation for 4.

This motor-yacht is a well-proportioned composite vessel which was built at Astilleros Astondoa is Spain. The ASTONDOA 102 GLX design participates in the most recent trends but it has its own distinctive personal touches, which combine various aesthetic elements creating the yacht's personality.

This sumptuous “classic style” ASTONDOA 102 has an elegant and comfortable main saloon fitted with carpets and white soft furnishings. The adjoining dining area is just forward of the saloon where up to 10 guests can dine. There is the opportunity to dine in the fresh air on the aft deck or on the fly bridge where there is a BBQ and sun pads to relax on after lunch. There are additional sun pads forward of the yacht.

Powered by twin 2000 Hp MTU diesel engines, the yacht comfortably cruises at 20 knots and reaches 24 knots maximum speed. Her range at economical speed is 450 nautical miles.

Note: A shipyard retrofitted 5 cabin version is possible on this vessel, please consult us for details.
