Description

The 97' raised pilot house SUNSEEKER 30M YACHT is an ideal yacht for socialising and entertaining with family and friends. Sunseeker built this motor yacht as part of their 30m series, while Don Shead Yacht Design was responsible for her naval architecture. Her tasteful and classic interior design was penned by Lina Botero.

Built in 2009 to RINA Pleasure craft rules classification in fibreglass with teak decks throughout, she features a planing hull. She is equipped with zero speed and underway stabilisation system which reduces roll motion effect and results in a smoother more enjoyable cruising experience.

Outside, this SUNSEEKER 30M YACHT offers plenty of opportunities for lounging, with two alfresco dining tables, a flybridge wet bar, and a large outdoor sofa aft, ideal for sunbathing, as well as a flybridge Jacuzzi.

Inside, she features timeless styling, beautiful furnishings, and comfortable seating throughout to create an elegant and relaxed atmosphere. Her main saloon follows a warm theme, with wooden walls and warm lighting to create a cosy ambience. The saloon is surrounded by large windows to fill the space with natural light while simultaneously providing guests with endless sea views.

This SUNSEEKER 30M YACHT for sale provides accommodation for up to 10 guests across 4 sumptuous staterooms. All the staterooms contain entertainment systems, televisions and en-suite bathrooms, granting guests maximum comfort onboard. This yacht can also sleep up to 4 crew to ensure her guests have a pleasant cruising experience.

Performance-wise, this sizeable 113 GT SUNSEEKER 30M YACHT is powered by twin 2434 Hp MTU engines, allowing her to reach an impressive top speed of 28 knots, and a cruising speed of 20 knots, with a range of 480 nautical miles.

Please click on the « Other Details » tab for complete specifications of this Flybridge Yacht for Sale.
