Description

The RIVA 76 BAHAMAS is the result of a collaboration between the Italian shipyard and the design firm Officina Italiana Design of Mauro Micheli & Sergio Beretta. A sleek and sporty 'Open' motor yacht with a length of 23.25m and a draft of 5.75m, which was presented to the market at the Cannes Boat Show in 2016 and has had a proven success amongst private boaters and charterers ever since. The name 'Bahamas' has long been part of the Riva story. It evokes the exotic glamour of paradisiac islands to explore aboard the boat of your dreams.

The yacht carries Riva's impressive power-operated opening hardtop. The RIVA 76 BAHAMAS features the same brilliant 'convertible' cockpit roof concept, which is raised by two powered arms, swinging the entire structure forward and lowering it over the seating area on the foredeck. This captivating feature never fails to astound onlookers at the quayside!

The RIVA 76 BAHAMAS offers exceptional accommodation for an open-top motor yacht. It boasts a spacious Owner's suite amidships, a VIP double guest suite at the bow, a twin-berth guest suite to starboard, a lower deck saloon, galley, and separate crew quarters towards the stern.

With its top down, this is a magnificent and incredibly glamorous open powerboat, perfect for basking in the sunshine. Its vast and luxuriously designed open cockpit provides as much open-air space as you would typically find on larger yachts. And when you need protection from rain or the sun, simply press a button to lift the hardtop off the foredeck and swing it back into place over the cockpit.

Exhilarating top speeds up to 37 knots are reached thanks to her twin 1800 Hp MAN V12 larger engines, with a cruising speed of 32 knots and a range of 320 nautical miles.

This RIVA 76 BAHAMAS for sale is in impeccable condition. Benefitting from a sole Owner, private use and EU VAT paid, professional servicing and meticulous maintenance, this immediate-delivery yacht will not disappoint.
