## Description

The AZIMUT GRANDE 27 METRI is a sporty-looking modern luxury yacht designed and engineered with cutting-edge technology and in accordance with the highest standards applied in the industry for production vessels. With CE Class A and NMMA certification, the boat is in compliance with all major safety norms and Azimut's HTS High Technical Standard Declaration to testify the high design standards that put it at the top of its category.

This AZIMUT GRANDE 27 METRI is an "almost new" 88' flybridge motor yacht for sale, built in Italy by Azimut and delivered in 2023. She was designed by Stefano Righini, while the naval architecture was developed by Azimut and Pierluigi Ausonio. This yacht is built on a planing hard chine "deep V" GRP hull, and Carbon Fibre and GRP superstructure with teak decks throughout.

The use of carbon fibre is a construction choice that allows volumes and surfaces to be increased in size while keeping the same weight, therefore maintaining excellent levels of dynamic stability. The carbon-tech generation materials are used for the superstructure, flybridge, radar arch, hard top and platform/transom.

Her inviting interiors were created by Salvagni Architetti and comfortably accommodate in contemporary Italian style up to 10 guests in 5 en-suite cabins. She is also capable of carrying 3 crew onboard to ensure maximum service.

The main deck aft has a comfortable alfresco dining area aft with a sofa and a large teak table. A port stairway grants access to the flybridge, and two stairways aft lead to the swim platform. Side walkways connect to the foredeck Portuguese bridge and sunbathing area, which consists of another sofa, cocktail table, and a large sunbed on the bow.

The flybridge offers sun loungers along the stern and a starboard sofa joining into the sofa that is part of the alfresco dining area. A wet bar is opposite, and the pilot and co-pilot seats are forward. A unique DJ booth is installed as an Owner's preference. A hard top with retractable sunroof lets guests choose the amount of sunlight or shade they desire to the forward and amidships area.

The guest accommodation is forward on the main deck and amidships on the lower deck with the crew accommodation astern, the engine room aft and the tender and water toys storage complete the stern of the vessel.

The main deck layout places the Master suite forward. The extraordinary views through the full-length windows on both sides of the Owner's suite create the incomparable sensation of being completely at one with the sea.

A day head is found on the corridor, where there is access to the stairs down to the lower deck guest accommodation, or up to the raised pilothouse and the flybridge. The galley is amidships to port and next to the formal dining area, designed to seat eight guests in a warm and welcoming environment. Large windows let the light come pouring in for daytime entertainment in the lounge. A pair of loveseats and a larger sofa are placed around a coffee table to port, while to starboard two armchairs and a side table create a cosy place to relax with a good book. A drop-down widescreen TV is concealed in the ceiling above and is perfect for movie nights with the family.

Powered by twin 1900 Hp MAN Diesel engines, her top speed is 28 knots and her cruising speed is 24 knots for a cruising range of 360 nautical miles. Comprehensively equipped, she features zero speed fin stabilizers, bow and stern thrusters, hydraulic swim platform/beach club, complete entertainment equipment and stern garage.

## KEY FEATURES

- 5 Cabin layout with Master on main deck
- Zero speed stabilizers
- Industry-renowned interior and exterior designer

## Full Specs

### MAIN CHARACTERISTICS

Builder: Azimut Yachts (Italy)

Model: Azimut Grande 27 Metri

Hull Designer: Pierluigi Ausonio Naval Architecture & Azimut R&D Department

Exterior Styling & Concept: Stefano Righini

Interior Designer: Achille Salvagni Architetti

Type: Motor Yacht / Flybridge Yacht / Raised Pilothouse

Hull Type: Planing

Hull Material: GRP

Superstructure Material: Carbon Fiber + GRP

Decks: Teak

Built/Model: 2023

Length Overall (incl. pulpit): 26.78 m (87' 10")

Hull Length (incl. platform): 23.95 m (78' 7")

Waterline Length: 22.62 m (74' 2")

Beam Max: 6.59 m (21' 7")

Draft (incl. props at full load): 1.93 m (6' 4")

Displacement (at full load): 92,960 kg (204,942 lb)

Dry Weight: 75,900 kg (167,331 lb)

Gross Tonnage: 145 GT

Classification: CE Class A

Flag of Registry: United Kingdom

Lying: South of France

### PROPULSION

Type / Fuel: Twin Diesel

Main Engines: 2 x 1900 Hp MAN R V12-1900

Engine Hours: 280 h (Aug. 2023)

Maximum Speed: 28 knots

Cruising Speed: 24 knots

Economical Speed: 12 knots

Range: 360 NM @ Cruise speed

Range: 800 NM @ Economical speed

Transmissions: V-drives

Propellers: 5-Blades NiBrAl

### TANKAGE

Fuel Capacity: 9,500 l (2,509 US Gal)

Fresh Water Capacity: 2,000 l (528 US Gal)

Holding Tank Capacity: 850 l (224.5 US Gal)

Grey Water Capacity: 850 l (224.5 US Gal)

## **ACCOMMODATION**

10 Guests in 5 en-suite cabins

Guest Cabin Configuration:

- Full-beam Master suite located on the main deck, Double oversized King-size bed, walk-in closet, ensuite bathroom with double sinks
