Description

The ABSOLUTE NAVETTA 73 is the perfect combination of luxury and performance. Built in fibreglass as a semi-displacement vessel, Absolute's Navetta line boasts the space and features generally found in much larger vessels, whilst her highly manoeuvrable twin Volvo Penta IPS drives provide the fuel economy of smaller yachts.

Powered by twin 1000 Hp Volvo engines on IPS 1350 drives, she reaches a top speed of 24 knots while comfortably cruising at 20 knots. As all Navettas, her range is significant.

The spacious interior has an open, luxurious floorplan finished with high-end materials. The massive flybridge offers loose Italian designer furniture and all the amenities as the interior, making it the perfect space for relaxing and entertaining.

This yacht has every option and upgrade you could ever want including underway and at anchor gyroscopic stabilisation, hydraulic swim platform, hard top, 2 generators, watermaker and multiple docking stations to provide operational comfort in any situation, as well as a jet tender.

This ABSOLUTE NAVETTA 73 motor yacht for sale was built and delivered in 2021 to its single Owner. She has been privately run whilst being maintained to a very high and meticulous standard.

Her interior is flooded with natural light due to the large windows and décor finishes. The beautiful and subtle interior design is further accentuated with designer Italian furniture and mix of light marble against dark wood finishes. She carries luxurious accommodation for 8 guests in 4 en-suite cabins comprising a forward Master with independent access, an amidships double VIP, a port double and a twin to starboard. She also carries a crew cabin for 3 with access from the stern.

This ABSOLUTE NAVETTA 73 is presented in mint and turnkey condition with her comprehensive options list and must be seen in person to be fully appreciated.

Please click on the « Other Details » tab for complete specifications of this Semi-displacement Motor Yacht for Sale.
