Description

Built in GRP and carbon fiber in 2019 and designed by Stefano Righini & Carlo Galeazzi, this AZIMUT 77S motor yacht for sale blends a sporty look with high performance and contemporary elegance.

Her triple 1000 Hp Volvo Penta diesel engines provide excellent performance and maximum comfort on board thanks to the highly manoeuvrable and fuel-efficient IPS 1350 drives. Her maximum speed is 34 knots while her cruise speed is 24 knots.

The open spaces onboard the AZIMUT 77S offer sunbathing areas at bow, in the aft cockpit and on the sport-flybridge which includes a full equipped second helm station with an additional two-seater bench next to the pilot seat.

An additional outdoor space of 8 square meters is offered by the pivoting stern platform which can take a load of 720 kg, whilst the garage can host a 3.85m tender and a jet-ski.

The dining table for 8 on the Cockpit area can be shaded by an electric soft-top.

Large windows flood the inside of the salon and its customized bar with light and offer 360° panoramic view to the sea, creating a constant dialogue between the interior and exterior.

This AZIMUT 77S motor yacht comfortably hosts up to 9 guests in 4 en-suite staterooms. A private dinette area is situated in the full beam Master cabin, as well as a separate walk-in closet and the big, squared windows offer a breath-taking view on the sea on the lower deck level.

The VIP forward and twin Guest cabins to port and starboard are bathed in natural light thanks to their large panoramic windows with separate openable portholes.

Produced by top Italian craftsmen, the contemporary interior materials of the living areas are a mix of light satin wood, light decorative panels with ocean drive design including 3-dimensional elements and leather details and lacquered black panelling, in all of the heads the furniture tops are in shiny black crystal and the showers have marble inlays.

The professional galley is equipped with Miele appliances and hosts an underfloor storage/pantry for medium-long cruises.

Given her excellent condition and comprehensive list of options, early viewings are highly recommended.

KEY FEATURES

- 1 x Seakeeper zero-speed stabilizer
