## Description

Sleek and dynamic, this 26.4m RIVA 86 DOMINO sport yacht for sale will appeal equally to those looking for a leisurely cruise as to those looking for a high-performance motor yacht. Moreover, this vessel is already coded for charter and registered under 24 meters for easier commercial operation.

Discover the epitome of luxury and performance with the RIVA 86 DOMINO, a boat that has been built in 2010 and comprehensively refitted in winter 2022/2023 (exterior, interior and engine room) with the installation of a SEAKEEPER zero speed stabiliser, putting her in stunning condition today with only 1700 hours on her main engines.

Every detail has been perfected, with no expense spared (particularly over the last 12 months) to maintain her to immaculate condition.

To sail aboard this Riva 86 Domino is to immerse yourself in luxury and comfort; the pictures speak for themselves: all the photos reflect the perfect condition she is in today. When you inspect her, you will not be disappointed.

Built in fibreglass on a metallic dark grey hull and with full optionals, she also features very elegant and bright interior furnishings with light woods and sofas. She boasts wide spaces and many living/relaxation areas that make her ideal for both long cruises and day-to-day onboard life. The upper saloon and the dinette figure an open space, divided from the steering station by a large TV screen, a solution that ensures impressive indoor brightness as allows a large amount of natural light shine through the wide glazing on both sides and the windshield. The design of all furniture and furnishings and the decision to combine the peculiar colour of Canaletto walnut wood with chocolate-shade leather and white lacquering result in a pleasant, cozy atmosphere while enhancing a general sense of spaciousness and airiness.

Comfortably accommodating 8 guests in 4 well-appointed en-suite staterooms, she has a beam-wide Master cabin, a forward VIP, a port double and a starboard twin cabin. Further accommodation is provided for 3 crewmembers with separate access.

The RIVA 86 DOMINO delivers an exhilarating top speed of 38 knots, while cruising at 34 knots thanks to her twin 2434 Hp MTU diesel engines.
