Description

The modern exterior lines of the FERRETTI CUSTOM LINE 100 are eye-catching and give this yacht a very sporty profile, while its interiors are furnished with maximum refinement, the perfect balance between comfort and casual.

The CUSTOM LINE 100 model won 'Best Layout' award in the Flying Bridge category over 24 metres and 'Motor Boat of the Year 2012' in London, in the 'Custom Yacht Award category'.

This 30.6m CUSTOM LINE 100 flybridge yacht for sale is built on a GRP hull and GRP superstructure, with teak decks as a series of raised pilothouse planing yachts featuring an excellent blend of optimum performance and luxurious comfort that ensures a relaxed yachting experience. She was built in 2012 and comprehensively refitted in 2022.

With naval architecture by Advanced Yacht Technology & Design and Ferretti Group Engineering, her exterior and interior designs were penned by Zuccon International Project.

The luxury motor yacht's refined interior has a modern style that blends fine wood finishes with plush furnishings. The main saloon has an open layout that effortlessly flows to the formal dining and large sliding glass doors to the aft deck, which create functional indoor/outdoor living and entertaining spaces. She also features a fold-out balcony on the starboard side of the main saloon, creating the perfect retreat right over the water.

She accommodates up to 12 guests in 5 divine en-suite staterooms. Her Master suite is luxuriously appointed on the main deck with a plush king bed and en-suite bath and double walk-in wardrobes. The luxury yacht's additional staterooms on the lower deck - two doubles and two twins (one with additional Pullman bed and the other with sliding bed mechanism converting into double) - make her ideal for cruising with family or friends.

With spectacular outdoor living areas, days on board can be spent, lounging on the sundeck, relishing an alfresco meal on aft deck or enjoying water toys and swimming in crystal blue waters off the beach club.

Powered by twin Hp MTU Diesel engines, she reaches a top speed of 27 knots, while comfortably cruising at 24 knots. At her cruise speed of 10 knots, her range reaches 445 nautical miles.

This CUSTOM LINE 100 also boasts all modern yacht options like a dual stabilizing system while at anchor or underway, hard top, flybridge Jacuzzi, side opening balcony as well as an extensive list of extras, designer interior and a new Williams jet tender. She is also compliant for charter purposes.

Decks: Teak throughout

Length Overall: 30.60 m (100' 4")

Hull Length: 30.50 m (100')

Waterline Length: 25.60 m (83' 11")

Maximum Beam: 7.25 m (23' 9")

Draft: 1.97 m (6' 5")

Displacement (Unladen): 116,000 kg (255,736 lb)

Displacement (Laden): 136,000 kg (299,829 lb)

Gross Tonnage: 199 GT

Classification: RINA Pleasure Yacht C HULL • MACH Y Unrestricted Navigation, Commercial Compliant

Flag of Registry: Greece

Location: Athens, Greece

PROPULSION

Type/Fuel: Twin Diesel

Main Engines: 2 x 2600 Hp (1939 kW) MTU 16V 2000 M94

Engine Hours: 2480 h (Dec. 2023)

Maximum Speed: 27 knots

Cruising Speed: 24 knots

Range: 445 NM @ 24 knots

Economical Speed: 10 knots

Range: 1400 NM @ 10 knots

Fuel Consumption: 90 l/h @ 10 knots

Drives: Shaft line transmission

Steering: Power-assisted hydraulic steering

TANKAGE

Fuel Capacity: 14,700 l (3,884 US Gals.)

Fresh Water Capacity: 3,000 l (793 US Gals.)

Holding Tank: 950 l (251 US Gals.)

Grey Water Tank: 800 l (211 US Gals.)

Black Water Tanks: 800 l (211 US Gals.)

ACCOMMODATION

Up to 12 Guests in 5 en-suite staterooms

Guest Cabin Configuration:

- Beam-wide master cabin (double) on main deck, office desk/vanity, en-suite bathroom with His & Hers lavabos, walk-in wardrobe, lounging armchairs

- 6 Crew in 3 cabins with integrated facilities
- Captain's cabin (double bed) with en-suite bathroom
- 2 x Bunk-bedded cabins with en-suite bathrooms
- Crew mess

Maximum Number of Persons Onboard: 20 Pax

MAIN EQUIPMENT

Gyro Stabilizers: 4 x MITSUBISHI Anti Rolling Gyroscopic (4000ARG) zero speed stabilisers

HUMPHREE trim tab and underway stabilisation

ARCTURUS Marine Trac bow thruster 58 Hp

ARCTURUS Marine Trac stern thruster 50 Hp

Power-assisted hydraulic steering

Hydraulic emergency wheel

Stuffing box with dripless shaft seal, low maintenance

Fibreglass underwater silenced exhausts

Fuel System:

- Designed and fitted day tank with Ultraclean MICFIL system
- 2 x Double RACOR filters for engines
- 2 x RACOR filters for generators

Fresh Water System:

- Watermaker IDROMAR 360 l/h
- UV sterilizer
- 2 x Fresh water autoclave 400V
- 4 x Fresh water outlets for deck washing
- 2 x Heating boilers 150 l + 150 l, 230V
- Hot water circulating pump

Black & Grey Water System:

- Treatment system for black water HAMANN
- Automatic grey water discharge system (interchangeable with black water)
- 2 x Structural tanks (800 l each) with warning light 3/4 and full
- Electric automatic pump for black water tank discharge (interchangeable with grey water)
- Electric system WC with freshwater flush
- Grey water tank with diaphragm pump
- Grey and black water tanks washing system with sea water flush
- MARPOL discharge outlet for black water

Bilge Pump System:

- Bilge alarm in each compartment
- Centralized bilge pump system with 2 x 400V electric pumps and manual emergency pump with 11 x cock handles (accommodation space (3), engine room (2), garage (4), systems area (2))
- 8 x Drainage electric pumps 24V (guests and crew area (3), garage and systems area (3), engine room (1), bow thruster (1))
- Emergency bilge suction pipe (engine room) through engine cooling pumps
- MARPOL connection for bilge oily water drainage

Air Conditioning:

- Tropical CONDARIA 250,000 BTU (saloon + cabins + 3 crew)

ELECTRICAL SYSTEM

Electrical Circuits: 230V AC / 24V / 12V DC

Generators: 2 x 50 kW KOHLER 50EFOZD

Generator Hours: 3500 h (Dec. 2023) each

Automatic battery charger 12V (battery banks for generators starting)

Automatic battery charger 24V (main engines battery bank in engine room)

Automatic battery charger 24V for emergency batteries

Automatic battery charger 24V for radio batteries

Automatic battery chargers 24V (services battery banks)

Auxiliary generator starting battery 12V (engine room)

Battery bank 24V for domestic loads (engine room)

Battery bank 24V for emergency (engine room)

Radio Battery banks 120 Ah 24V with battery disconnecting switch

Distribution 24V DC for emergency and navigation lights

Distribution system 230V / 400 AC 50 Hz 3-Phase powered by the generators or by the shore power

Distribution system 24V CC powered by the battery banks

Electric sockets 230V

Electronic battery disconnecting switches (domestic load, emergency, radio)

Emergency lighting system 24V

Independent battery banks 24V for main engines (engine room)

Lighting system 230V

Main electric panel and secondary panels

Main engine battery banks parallel switch

Main generator starting battery 12V (engine room)

Manual battery disconnecting switches (generators, main engine)

Transformer for shore power supply 70 KVA

GLENDINNING electric shore power connection 100A 400V 3 poles + ground (20 m)

NAVIGATION & COMMUNICATION EQUIPMENT

4 x Steering positions with complete navigation instrumentation (wheelhouse, fly and cockpit)

MTU electronic engine controls

MTU electronic engine displays

Anti-fog horn

2 x Autopilot units

2 x GPS antennas

4 x Multifunction navigation instruments

2 x Navnet System 3D with colour 15" LCD displays, 48 NM FURUNO radar, chart-plotter and GPS, depth-sounder

Integrated monitoring system with 15" touch-screen display

1 x Navnet system 3D with colour 8" LCD display 48 NM FURUNO radar, chart-plotter and GPS, depth-sounder

NAVTEX weather receiver

3 x SIMRAD Wind / echo sounders

Auto-identification system AIS SIMRAD

SART Transponder EM Trak

Magnetic compass

2 x Intercom for manoeuvring (bow & cockpit)

Nautical charts storage in plexiglass

2 x SAILOR VHF's with SSB/DSC transceiver

SIMRAD MF/HF

2 x Rudder angle indicators

Helm position electric panel

Navigation lights

Open Array Radar antenna

2 x SSB antennas

THRANE & THRANE EPIRB

ENTERTAINMENT EQUIPMENT

New SAMSUNG TVs in all guest cabins and saloon (2022)

New outdoor speakers

New Wi-Fi system throughout

Blu-Ray DVD readers

Antenna TV KVH M9 with receiver

Telephone interface GSM/Voice/Fax

Hi-Fi Syntho-Amplifier with CD/DVD and 2 speakers

Mini Hi-Fi system with CD player and 2 speakers in each cabin

6 x Mini Hi-Fi CD/DVD system with tuner and 2 loudspeakers (one in each cabin and crew dinette)

Router coastal communicator PD-LAN-Wi-Fi-internet

DECK EQUIPMENT

Electro-hydraulic control unit for side panoramic terrace

Electro-hydraulic garage door teak- laid

Dockside water connection

Tender cradle and launching system

Garage at stern with lifting and launching tender system

Teak bathing platform converting into stern beach club with foldaway electro-hydraulic diving bathing ladder, and stainless-steel cleats (2)

Stainless steel, teak-laid electro-hydraulic telescopic gangway with remote controls (2) and automatic stanchions

Refuelling and water intake on side decks

Concealed lighting on side decks and at bow

Courtesy lights on lateral, stern and forward steps

Fresh water outlets for washing (bow and stern mooring area)

Teak laid decks

Stern sofa

Teak table with natural finishing (1800 mm x 1350 mm)

2 x Mooring stations with GRP covers, storages for mooring lines

2 x Mooring capstans in cockpit docking cabinet LOFRANS (2200W each)

Extractable shower with hot and cold water (mooring station)

2 x Fixed steering positions in the cockpit, port & starboard, with cover

5 x Cockpit chairs

Forward dinette (sofa (2), tables (2))

Forward sunpad with cushions (2) and storage

Bow garage with electro-hydraulic door for small tender storage, or other equipment

Forward seating area on each side of the bow with tables (total seating of 10)

2 x Electric anchor windlasses LOFRANS (4000W each) with controls at bow

2 x POOL anchors 140 kg with

2 x Anchor chains 165 m, diameter 13 mm, with markings in increments of 25 m

Chain wash down with sea water

Stainless steel bow staff with bell

Forward garage BESENZONI crane 250 kg

Flybridge bar counter (stools (3), icemaker and storage)

Fully fitted cabinets (with hot/cold freshwater sink, fridge (2 doors) and grill)

Stainless steel and varnished electro-hydraulic BESENZONI flybridge davit crane 800 kg

Electro-hydraulic control unit for the upper deck davit crane

GRP hard top with stainless steel supports and retractable soft top

Jacuzzi on flybridge

Outdoor upper deck lighting

Flybridge Sofa

Stainless steel flag staff
Stainless steel ladder to hard top
Stainless steel signal mast
Sunbathing area with cushions

SAFETY & SECURITY EQUIPMENT

Fire extinguishers located in each room/cabin
Fire extinguishing system with sea water (garage) with activation from the systems area
Fixed fire extinguishing system (engine room) with manual activation
Emergency diesel firefighting / bilge pump
2 x Fire/Bilge 3-phase pumps in engine room
Fuel vapors detector system (garage)
Pull handles in the engine room (engine fuel and generators shut-down, air inlet (4) and ventilation fan shut-off (2), activation of fire extinguishing system in engine room and systems area)
Smoke detector system (in all cabins, galley, dining room, saloon, helm position, upper lounge, garage, engine room and systems area) with main alarm in helm position
Axe
EPIRB ACR Global Fix
First aid kit
20 x Life jackets
2 x ARIMAR liferafts for 10 people each with hydrostatic hook (2)
Safes in cabins
3 x CCTV colour cameras (in cockpit and side deck ceilings)
Emergency steering in lazarette with vessel system services monitor

MISCELLANEOUS

Boat hooks
Cylindrical fenders
Round fenders
Fender covers
Warping lines
Docking lines
Covers for cockpit table and chairs, cockpit sofa, forward sofa, forward sunpad
Covers for flybridge sofa, sunbathing area, table and stools
Cockpit cover (winter version)

DOMESTIC EQUIPMENT

Galley:

- MIELE cooktop
- Custom extractor hood
- SIEMENS refrigerator
- MIELE refrigerator

- MORRIS refrigerator
- SIEMENS freezer
- BOSCH dishwasher
- MIELE dishwasher
- MIELE oven

Flybridge:

- GAGGENAU electric grill
- ISOTHERM ice maker
- ISOTHERM refrigerator

EXTRA ACCESSORIES

Davit 250 kg for bow garage

2 x Disappearing cleats on swim platform

Hand shower at bow, hot/cold

11 x Underwater lights (3 under platform, 4 port, 4 starboard)

Name in stainless-steel backlit on stern and logos

Rubbing strake stainless steel for hull

Stern thruster 50 Hp hydraulic (double propeller)

Mosquito mesh for portholes in all cabins

Fridge, ice maker and grill on the flybridge

FLIR night vision camera

ACR halogen searchlight

Saloon electric aft door

Side balcony electric exit door

Side galley electric exit door

Control station on flybridge (starboard side)

Floor: Teak on flybridge

Air conditioning Tropical (saloon, all cabins and 3 crew)

Central system for engine/inverters/generators oil change

Electric/hydraulic predisposition for HAMANN system

Galley appliances upgrade

Main deck curtains

TENDER

New WILLIAMS 395 jet tender in 2022

2022 REFIT SUMMARY

Fully serviced machinery and running gear

RINA Class certificate renewal with no notations

New electronics and audio visual system

New tender

Yacht Brochure

Available on request.

Inspections

Prior appointment, please.
