Description

This 42-metre BENETTI FAST 140 Superyacht for sale, is a Tri-deck vessel constructed in GRP and designed by Stefano Righini and delivered in Italy in 2015. She was then comprehensively refitted in 2024. While her innovative hull was conceived by Pireluigi Ausonio, naval architecture is by Benetti's in-house team, her interior design is by Redman Whiteley Dixon (now RWD) and later refurbished by Dutch designer firm Wolterinck. At 390 GT, volumes and surfaces are generous throughout the yacht, both indoors and outdoors.

The performance of the BENETTI FAST 140's D2P-Displacement to Planing® hull form with wave piercer is also equipped with a reliable and traditional shaft drive. Powerful twin 3460 Hp MTU diesels give her a top speed of 21 knots, a cruise speed of 16.5 knots and an economical speed of 11.5 knots for a maximum range of 2560 nautical miles.

MCA LY3 compliant, this RINA-classed yacht features "Mediterranean house vibes" interior comfortably accommodating 10 guests in 5 en-suite staterooms comprising a beam-wide main deck master suite and four doubles below, two of which are larger and therefore designated as VIPs. There are also quarters for a crew of 8.

The main deck saloon boasts windows galore allowing for plenty of light and has comfortable seating and a bar. Forward is a formal dining area with seating for 10 guests and storage cabinets for china, glassware and silver.

The skylounge boasts a full bar, wrap-around couches and a television, making it the perfect place to curl up for a night at the movies, while the Portuguese bow deck bridge offers a Jacuzzi spa tub, vast lounging area, seating and tables offering al-fresco entertaining and dining.

The sundeck has four large sunbeds, two removable umbrellas, a bar with seating for five, a dining table for 10 guests and a flat screen television set.

This BENETTI FAST 140 motor yacht was kept in immaculate condition since her delivery. Privately owned by a loving family, she is one of the best maintained Benettis on the market. This fast displacement superyacht received a full repaint in 2024 following an extensive refit and has been carefully looked after with regular maintenance. No expense has been spared on the continuous upgrades, including fabrics, lighting and exterior upkeep.

She is offered for sale with full EU VAT paid and only used privately by her current Owners.

Viewings by prior appointment are highly encouraged.

KEY FEATURES

- Twin Screw & versatile "D2P" displacement to planing hull
- Immaculate condition with full repaint in 2024
- Continuously upgraded and maintained with no expenses spared
- Built MCA LY3 compliant
- Impressive volume and surface
- US Power converter
- Beach club with easy access to the water
- Privately owned with EU VAT PAID
- RWD bright and elegant interior design
- Extensive list of PWC included

Please click on the « Other Details » tab for complete specifications of this Fast Displacement Tri-deck Superacht for Sale.

MAIN CHARACTERISTICS

Builder: Benetti Yachts (Italy)

Model: Benetti Fast 140

Hull Number: BF202

Naval Architect: Pierluigi Ausonio Naval Architecture & Benetti

Exterior Design/Stylist: Stefano Righini

Interior Designer: Redman Whiteley Dixon & refit by Wolterinck

Type: Motor Yacht / Superyacht / Tri-deck Yacht

Hull Type: D2P® (Displacement-to-Planing)

Hull Material: GRP

Superstructure Material: GRP and carbon fibre

Decks: Teak

Year: 2015

Refit: 2023 / 2024

Length: 42.00 m (137' 9")

Waterline Length: 33.80 m (110' 11")

Beam: 8.50 m (27' 10")

Draft: 2.23 m (7' 3")

Gross Tonnage: 390 GT

Displacement (light load): 260,000 kg (573,202 lb)

Displacement (full load): 276,000 kg (608,476 lb)

Classification: RINA Pleasure Yachts C ⚡ HULL • MACH Y., LY3 MCA compliant

Flag of Registry: United Kingdom

Location: Palma de Mallorca, Balearic Islands, Spain

CONSTRUCTION

GRP hull and superstructure with teak decks

White painted hull and superstructure in AWLCRAFT 3000 Matterhorn White (2024 new paint report available)

PROPULSION

Type / Fuel : Twin Screw Diesel

Main Engines: 2 x 3460 Hp (2580 kW) MTU 12V 4000 M93L

Engine Hours: 2960 h (April 2024)

Maximum Speed: 21 knots

Cruising Speed: 16.5 knots

Economical Speed: 11.5 knots

Range: 2560 NM @ 11.5 knots

Fuel Consumptions:

- 150 l/h @ 11.5 knots
- 272 l/h @ 13.3 knots

- 400 l/h @ 15 knots
- 624 l/h @ 16.7 knots
- 892 l/h @ 18.8 knots
- 1181 l/h @ 21.8 knots

Drives: 2 x Prop shafts

Gearboxes: 2 x Reduction gearboxes ZF 7600A reduction ratio 3.45:1

Propellers: 2 x High skewed propellers, diameter 1500mm, designed to obtain high efficiency and low noise

TANKAGE

Fuel Capacity: 33,390 l (8,821 US Gallons)

Fresh Water Capacity: 4,000 l (1,057 US Gallons)

Black Water Capacity: 4,000 l (1,057 US Gallons)

Grey Water Capacity: 4,000 l (1,057 US Gallons)

ACCOMMODATION

10 Guests in 5 en-suite staterooms (5 doubles)

Guest Cabin Configuration:

- Main deck full-beam Master suite with King-size bed, en-suite bathroom with His & Hers separate lavabos, shower compartment, vanity and Owner's study with walk-in dressing room at the entrance
- Lower deck 2 VIP double cabins, each with closets and en-suite bathrooms
- Lower deck 2 double cabins, each with closets and en-suite bathrooms

Upper deck with media room, sofas, gaming table, bar, day head and wheelhouse

Main deck with main saloon, formal dining, day head and fully equipped galley

Crew Accommodations:

- Up to 8 Crew in 4 cabins
- Double Captain's cabin on upper deck, adjacent to wheelhouse
- 3 x Bunk-bedded crew cabins on lower deck

All with en-suite facilities

Crew mess / dinette on lower deck

Laundry area on lower deck

MAIN EQUIPMENT

Steering: Bow thruster (CMC BTM65) with electric motor 55 kW

Stabilizers: Electrical stabilizer fins (CMC 22BR) underway and at anchor

Watermaker: Reverse osmosis IDROMAR MC5S, 6000 l/day

UV water filtration

2 x Water softeners

2 x Hot water heaters 200 l

Air compressor GIANNESCHI CT2 fitted in the garage

E/Hydraulic power pack in the aft technical space

TECNICOMAR waste treatment plant, capacity 6000 l/day

Fuel oil electric transfer pump GIANNESCHI ACB 331/B

Fuel manual transfer pump GIANNESCHI Excelsior 5

Grey/Black water pumps GIANNESCHI MVI60

2 x Fresh water pumps GIANNESCHI ACB332

2 x Hot water pumps GIANNESCHI Z30

Air Conditioning:

- CONDARIA chilled water system is installed in the engine room, serving the makeup air units and fan coil units throughout the Yacht
- The total installed chilled water cooling capacity is 432,000 BTU/h using three (3) hermetic compressors, three (3) sea water cooled condensers with connection to the main manifold, three (3) frequency converters. The three compressor/condenser systems are fully independent, so that one system can run while the other is being serviced/repaired. All air handlers have heating strip elements for cold weather as needed
- 2 x Sea water pumps for the chiller system
- 2 x Fresh water pumps allow chiller water circulation
- 4 x Units for the primary treatment of the air are fitted onboard. They are equipped with filter, damper, heat exchanger and fan

ELECTRICAL EQUIPMENT

Generators: 2 x KOHLER 80kW - 400V AC / 50Hz

Generator Hours: 6215 h (April 2024)

Electricity: 400V AC, 50 Hz, 3-phase

Shore Power: 2 x ASEA AC54V (54kVA) shore power converters, 2 x 25m 125A shore power cables

2 x 50 kVA 400V shore insulating transformers

Combination of European, US and USB outlets are found throughout the yacht

Batteries:

- All batteries are GEL or AGM according to their usage
- 1 x Group of 24V DC batteries for radio equipments
- 1 x Group of 24V DC batteries for service
- 2 x Groups of 24V DC batteries for main engines starting
- 2 x Groups of 24V DC batteries for generators starting
- 1 x Group of 24V DC batteries for main engines electronic

Alternator on each main engine and generator to charge the batteries

All batteries groups with dedicated batteries charger

Further Specs

NAVIGATION EQUIPMENT

MTU electronic engine controls and displays in wheelhouse and both wing stations

Integrated Bridge Control and Navigation System and integrated yacht monitoring system

1st Touch panel control LCD 15" to manage the following:

- Navigation Monitors configuration Management
- Horn control
- Wiper control
- Chart control
- Radar control
- Eco control
- Search light control
- Fog horn signalling
- Wind
- Depth
- Speed
- Windlass and counter
- Wheelhouse lights control
- Navigation lights control
- Compass light control and dimmer
- Wipers and horn will have also physical buttons available on console

2nd Touch panel control LCD 15" to manage the following:

- Monitoring and automation system
- Alarms
- Electric power station
- Main engines data CONNING
- Bilges levels and pumps
- Doors and hatches

3rd Touch panel control LCD 15" to manage the following:

- Autopilot control
- Steering control panel
- Rudder pump
- Steering mode and take over
- Take over
- Heading
- Gyrocompass
- Rudder position (RAI)
- Boat speed

Monitors to observe radars, chart plotter, CCTV, and other navigation equipment:

- 4 x LCD Monitors 19" IP 65 for display of charts, radars, cameras, etc
- 2 x LCD Monitors 10" IP 65 for wing stations

Radar: FURUNO FR BB 2117 X-band, 12 Kw, 96 nm

ARPA radar / video plotter / chart

FURUNO Navnet 3D

Blackbox graphic echosounder DFF 1, with dual frequency traducer (depth, log, water temp)

Speed log integrated in Navnet 3D B744V transducers

GP150 FURUNO GPS

Navnet 3D BB MPU 001

Cartography system, Arpa card, AIS TRANSAS ECS 4000 (ECDIS Compliant) chart plotter

Wind Multi NMEA system

Rudder angle indicator for steering room

FURUNO satellite gyrocompass SC 30 VHF SAILOR mod. RT 6222 CL A GMDSS

Navtex NX700

AIS FURUNO FA150

SAILOR 406 EPIRB

2 x SART S4 MCMURDO units

BNWAS system including 2 motion sensors in wheelhouse

Closed circuit TV (CCTV) and cameras for security is integrated (controlled in bridge and crew Quarters), cameras in engine room, port walkway, starboard walkway, sundeck, garage, aft deck and bridge deck aft (7 total)

1 x Pneumatic horn controlled by the integrated navigation system. Buttons are available on the wings, it can be operated in emergency in the wheelhouse

Wing Stations:

- 2 x Control stations are positioned externally at both sides of the wheelhouse and include all the necessary commands and instruments for manoeuvring the yacht in mooring operations, including steering tiller, slave bow thruster control lever, horn, main engine throttles, MMEE start/stop buttons, alarm signal and emergency stops

COMMUNICATION EQUIPMENT

VHF SAILOR mod. RT 6210

VHF remote control unit (crew mess, galley)

4 x Portable VHF's SAILOR mod. SP 3510

Radio telephone SSB SAILOR mod. 6301 HF/MF

5G PEPWAVE router

Wi-Fi throughout the vessel

VSAT KVH V11

VOIP server integration

1 x PABX system with 12 telephone units

Marine STARLINK system with relevant connectivity

Brand new 2024 UHF radio system with 10 x portable units for the crew

ENTERTAINMENT EQUIPMENT

The yacht is equipped with Benetti Exclusive Sea Technology (BEST) integrated audio visual System

iPad and iPad Mini tablets are used as remote controls for all areas

Main Saloon:

- SAMSUNG 65" LED TV full HD 1080P with built-in mechanism
- Hush BEST V.O.D.
- DENON X4000 amplifier with Airplay
- Apple TV
- Satellite TV decoder
- Apple iPad Mini controller
- 5 x PROMAR loudspeakers 8"
- B&W subwoofer

Owner's Cabin:

- SAMSUNG 55" LED TV full HD 1080P
- Networks BEST V.O.D.
- DENON X4000 amplifier with Airplay
- Satellite TV decoder
- Apple iPad Mini controller
- 5 x PROMAR loudspeakers 8"
- B&W subwoofer
- Lights, air conditioning, and shade controls are integrated into iPad for Owner's cabin

Guest Cabins (x 4):

- SAMSUNG 46" LED TV full HD 1080P
- Networks BEST Client
- DENON X3000 amplifier with Airplay
- Apple TV
- Satellite TV decoder
- Apple iPad Mini controller
- 2 x PROMAR marine speakers
- Unidata Wi-Fi

Galley & Pantry:

- SAMSUNG TV 27" LCD HD ready 16:9 (slave of Crew Mess TV)
- Satellite TV decoder
- TEAC amplifier AM/FM tuner DVD player + iPod station
- 2 x Pairs of PROMAR loudspeakers

Wheelhouse:

- TEAC receiver/amplifier CD player + iPod interface
- Pair of PROMAR speakers

Upper Deck Saloon:

- SAMSUNG 55" LED TV full HD 1080P 16:9
- Hush BEST V.O.D.
- DENON X4000 amplifier with Airplay
- Apple TV
- Satellite TV decoder
- Apple iPad Mini controller

- 5 x PROMAR loudspeakers 8"
- B&W subwoofer

Captain's Cabin:

- SAMSUNG TV 27" LCD HD ready 16:9
- Satellite TV Decoder
- TEAC AM/FM tuner DVD player + iPod station
- Pair of PROMAR loudspeakers

Crew Cabins:

- Flip-down TV with DVD player

Crew Mess:

- SAMSUNG TV 27" LCD HD ready 16:9
- Satellite TV decoder
- TEAC amplifier AM/FM tuner DVD player + iPod station
- 2 x Pairs of PROMAR loudspeakers
- CCTV controller

Beach Club:

- TEAC AM/FM tuner DVD player + iPod station
- 2 x B&W marine speakers (new 2024)

Aft Deck:

- 4 x B&W speakers (new 2024)
- Volume control

Upper Deck Aft:

- Volume control
- 4 x B&W marine speakers (new 2024)

Sundeck:

- Networks BEST audio Client
- DENON X3000 amplifier with Airplay
- Apple iPad Mini controller
- 8 x B&W marine speakers (new 2024)

Forward Sundeck:

- Networks BEST audio Client
- DENON X3000 amplifier with Airplay
- Apple iPad Mini controller
- 4 x B&W marine speakers (new 2024)

DOMESTIC APPLIANCES

Galley & Pantry:

- MIELE 5-burner cooktop
- MIELE extraction fan
- MIELE warmer on cooktop
- MIELE oven
- Stainless-steel double sink with mixing tap

- MIELE microwave
- 3 x MIELE refrigerators
- MIELE freezer
- Full height MIELE wine chiller (178 bottle capacity)
- Dumbwaiter in pantry

Laundry:

- MIELE washing machine
- MIELE tumble dryer

Other Areas:

- Ice Maker and minifridge in the main saloon
- Minifridge in Owner's study
- Ice maker and minifridge in the upper deck saloon
- Extra freezer in main deck storage
- Ice maker and minifridge in the beach club
- Extra wine cellar in beach club area
- Ice maker and minifridge in the sundeck bar

Garage:

- Chest freezer in garage

DECK EQUIPMENT

Anchoring: The Yacht is equipped with galvanized steel HHP (high holding power) anchors of 240 kg each according to rules. The anchors are connected to the yacht with galvanized steel, 17.5 mm diameter chain with stud link DIN 766 for U2 grade length of 165 m each side; 2 x ITALWINCH electric windlasses (400V AC, 3-phase, 50Hz, 5.5kW) of the vertical type are installed. The windlasses are mounted with recessed stainless-steel plates of the main deck floor and locally controlled; new anchor swivels installed and full system inspection completed in 2024

Mooring Capstans: 2 x ITALWINCH electric foot-operated vertical capstans are fitted on aft deck. The capstans is raised from deck level on dedicated manoeuvring area each side and locally controlled. Voltage is 400V AC, 3-phases, 50Hz, 4kW

Gangway: Telescopic, hydraulic transom passerelle, capable to move up and down 15°. The gangway extends 6.5 m and is painted using Snow White with teak grating. Removable handrails are provided, and a radio operated remote control system for extension and retraction of the gangway from the quay is also supplied

Swimming Ladder: 1 x Manual swimming ladder in AISI 316 stainless-steel, with teak steps; 1 x Custom swimming ladder for easy and safe access in the water

Awning: A motorized awning is fitted on the sundeck, forward of the mast, to cover the forward seating and bar of the upper sundeck area

A manual awning can be put in place on the upper aft deck as well as the forward sundeck

Garage: 1 x Electro-hydraulic telescopic crane is provided in the garage for WILLIAMS 565 diesel jet tender and one large jet ski

Whirlpool: DELOS Jacuzzi on the forward deck

Hard top on sundeck with canvas opening sunroof

2 x Wing station controls

SAFETY & SECURITY EQUIPMENT

All safety equipments according to flag and classification society

Firehoses Housing: Fire hoses, fire nozzles, fire extinguishers, and fire axe

Fire Pump: 1 x Electric self-priming pump (GIANNESCHI ACM 531 400V AC, flow rate 300 l/min, 79 usg/min at 18m H2O), in the engine room for fire extinguishing system. The pump is connected with the motor pump

Engine Room Extinguishing System: A fixed fire extinguishing system is installed according to Manufacturer requirements, with adequate nozzles and a release handle situated in the emergency control panel in the aft port locker in the main deck

Fire Alarm System: A fire alarm system is installed with sensors fitted throughout the Yacht of a type as per Classification Society requirements. The control unit is fitted in wheelhouse. A heat or smoke detector is fitted in each cabin, room and technical space according to Classification Society. They actuate an audible and visible alarm in wheelhouse

Bilge Pumps:

- 1 x Electric self-priming pump (GIANNESCHI ACM 531 400V AC, flow rate 300 l/min 79 usg/min at 18m H2O), in the engine room for main bilge system
- 1 x Electric pump (GIANNESCHI CP30 400V AC, flow rate 75 l/min, 20 usg/min at 11m H2O) for the garage bilge systems

Motor Pump: 1 x Motor pump (GIANNESCHI M ACB 531, flow rate 150 l/min, 39 usg/min at 40m H2O), on main deck for bilge and fire system

Life Rafts: 4 x Life rafts for ten (10) people each, fitted with hydrostatic release, are provided on the sundeck (two on each side)

TENDER & WATERSPORTS

WILLIAMS 565 Diesel Jet tender

SEADOO GRT230 jet-ski

2 x SEABOBS

Paddle boards

Never used brand new Fliteboard eFoil

Full set of diving gears

Equipment for wakeboard

Refit & Maintenance Summary

The yacht is maintained by a permanent full crew, ensuring that all maintenance is performed with great care and through a preventive program, resulting in an excellent yacht condition. All machinery is serviced annually according to best practices and manufacturer, class, and flag recommendations.

2017:

- Interior/Exterior layout refit and upgrades including new fabrics, new lighting, new carpets, new custom built-furniture. In addition, the designer WOLTERINCK worked with the Owner to upgrade the interior design
- Installation of new bridge alarm control system

2020:

- RINA 5-years special survey
- Bow thruster complete overhaul
- New bridge screen
- New sundeck umbrellas

2021:

- PEPWAVE 5G router system installed
- CONNING computer re-conditioning
- Installation of an additional water softener

2023:

- Both CMC stabilisers fins fully replaced (one in 2018 / one in 2023) and changed with a complete overhaul of all related systems, including oil and seals replacements
- Installation of Marine STARLINK system
- New sundeck furniture and table
- Fresh water tanks inspected and repainted
- New battery charger

2024:

- Full repainting of hull and superstructure - AWLCRAFT 3000 Matterhorn White
- Full service of both engines and generators, including oil analysis
- Heat exchangers changed on main engines
- Generators top overhaul (5000 hours), including new particle filters to protect the new paint
- Generators injectors changed (3 out of 6 for each generators)
- Gearboxes oil changed
- ALFA LAVAL serviced
- ACSEA serviced
- Engine room ventilation improved and upgraded
- All valves controlled and changed where needed (class approved)
- HVAC system refit with all handlers and fancoils dismantled for maintenance, and replaces as needed, as well as piping and insulation. Refit of the chillers units. New motor fitted and new salt water pipes fitted
- Full service of all electronics on board, including detailed survey and preventive maintenance
- UHF brand new system for efficient crew communications with 10 x portable units
- All carpets professionally cleaned
- Brand new custom side wind protective glasses on the upper deck
- New beach club furniture B&B

- New 5G antenna
- Full sanding, repair, and deep cleaning of the teak on all decks
- Foredeck teak recaulking
- Brand new B&W speakers in all exterior decks
- All custom furniture repainted, details included
- Gangway complete overhaul with hydraulic/electric refit and new paint
- Full repaint of garage and beach club
- Garage and beach club doors overhaul including hydraulic and rams serviced
- New anchors swivels
- Overhaul of the watermakers, with new membranes, new high pressure pumps, new sand filter, new high pressure hoses
- Within the last two years, every pump onboard has been changed
- New galley extractor
- TECNICOMAR sewage treatment upgrade for new regulations
- Two boilers cleaned and inspected
- Fuel tanks inspection and recaught with appropriate epoxy

The above list is non-exhaustive

Yacht Brochure

Available upon request.

Inspections

Prior appointment please. 4-day notice greatly appreciated.

Berth

Berth place management possible on French or Italian Riviera as well as Spain (Mainland and Balearic Islands), Greece and Turkey.
