Description

This 27.6m SANLORENZO SD92 luxury yacht for sale was designed by Francesco Paszkowski and built in GRP by the Italian yard Sanlorenzo to RINA class and delivered in 2014 as one of the yard's semi-displacement SD92 motor yacht models. Twin 1224 Hp MTU diesel engines give her a range of 1660 nautical miles at 11 knots and a top speed of 17 knots.

Although she has only been used private since her launch, she is MCA compliant and can accommodate 9 guests in 5 cabins consisting of a main deck master suite, two VIP suites, a twin cabin, a former gym converted into a single cabin, all with entertainment centres, television screens and 4 bathrooms and a day-head on main deck in addition. There are also quarters for 4 crew in 3 cabins.

The saloon, decorated in modern soothing white lacquered wooden panelling, has a large L-shaped settee to port facing a sophisticated entertainment centre including a 46-inch Samsung television screen and a Bose stereo surround sound system, and there is a semi-formal dining area forward with cabinet storage for glassware, china and silver.

The sheltered aft deck, with steps down to the bathing platform and double tender garage, has built-in upholstered seating and a large table for al fresco dining, while the flybridge offers further outdoor dining and lounging areas as well as a helm station, complete with Hard-Top. In addition, there is a generous private foredeck seating/relaxing area.

The yacht presents in exceptional technical and aesthetical condition. The elegant and timeless design of the Sanlorenzo SD92 boasts a fantastic layout and cool contemporary decor making her perfect for long-range cruising in the utmost comfort and style.

This SANLORENZO SD92 has one of the highest build specifications including underway and zero-speed stabilizers as well as a new Williams 435 Jet tender. Early viewings and offers recommended.
