Description

This formidable 35.2m SUNSEEKER 116 YACHT for sale was delivered in 2017 by Sunseeker as a part of the successful 116 range. She sleeps up to 12 guests across 5 cabins, including a main deck Master suite. Four further double guest cabins are located on the lower deck including 2 double cabins, 2 twin cabins and 2 pullman beds.

With a comprehensive list of equipment, this SUNSEEKER 116 YACHT was built with Sunseeker's Platinum upgrade package including MCA charter coding, hard top, foredeck jacuzzi, hydraulic swim platform, zero speed and underway stabilizers and vast array of tenders and toys (amongst others). She has been meticulously maintained by the same Owner since new, and is now keenly for sale and open to offers.

This SUNSEEKER 116 YACHT successfully passed her 5-year survey in December 2022 and is in class. She has built an enviable reputation on the charter market and is turn-key for her new owner.

The yacht's most attractive design feature is her vast foredeck. Within this space, guests can enjoy time in the sun however they wish, choosing between al fresco dining, relaxing on the huge sun pads or taking a dip in the jacuzzi.

The flybridge also offers ample choice for guests, where a full dining table and bar can be found under the retractable roof, allowing sun or shade throughout the day. Parallel to the dining table, you find a large seating area of comfortable sofas, and towards the aft there is a large sun pad and sofa.

The main deck aft is an open but shaded space. The largest sofa/table area for seating is located here, perfect for welcome drinks. Aft of this is the hydraulic swim platform and tender garage, where the tender, toys and water equipment are easily accessible for maximum interaction with the sea.

Her timeless and sleek styling, beautiful modern furnishings and abundance of communal areas throughout the yacht create an elegant and welcoming atmosphere. The main saloon has 180° floor-to-ceiling views, with large doors opening to the rear deck and gangways on either side.

Powered by twin 2636 Hp MTU Diesel engines, this SUNSEEKER 116 YACHT reaches a top speed of 26 knots, while comfortably cruising at 12 knots for a maximum range of 1,250 nautical miles.

KEY FEATURES

- One of the finest examples of the Sunseeker 116 Yacht series
