Description

The famous Versilcraft yard in Italy is reborn by building the VERSILCRAFT 138 Superyacht with delivery Summer 2022.

The new VERSILCRAFT 138 Tri-deck yacht for sale is an incredible 45-meter vessel of 499 GT, built on a steel hull and aluminium superstructure with teak decks.

This motor yacht has been designed to satisfy good navigability, manoeuvrability, structural strength, and comfort onboard. She features straight bow, a look that you'll love at first sight, a very high-quality construction for this new-built yacht by the very renowned Italian shipyard.

This semi-custom VERSILCRAFT 138 Superyacht comes with a bold and contemporary design from Optima Design, who has designed her to RINA classification with a choice of over six exterior colourways. Her notable features include a Jacuzzi on the sun deck alongside a lounge area, a Portuguese bridge forward of the upper deck and an additional sun lounge aft. The main deck also offers lounging space to the aft of the yacht, which leads down to the swim platform, large beach club and steam room. The interior layout is well-connected to the exterior thanks to full-height sliding doors and large picture windows.

All last-generation features in modern yachts are found on this vessel, including (but not limited to) zero-speed stabilizers for comfort onboard whilst navigating or at anchor.

A huge, dedicated beach club is located to the stern with access to the aft deck, garage under the foredeck vast exterior saloon, with lateral launching for tender and jet-ski and a jacuzzi on the sundeck.

Her interior is both Italian contemporary style and minimalistic and offers vast and integrated volumes for the saloon, dining and cinema room area, Owner's cabin on the upper deck with private terrace, and sleeping capacity for up to 12 guests in 5/6 en-suite staterooms. She also offers comfortable crew accommodation for 8 to 11 crew members.

Powered by twin 1600 Hp Diesel engines, the VERSILCRAFT 138 boasts a maximum speed of 15 knots, while cruising at 14 knots with a transatlantic range.

Viewings at the yard in Tuscany are highly encouraged, and the full building specs dossier is available on request. This Superyacht presents a rare opportunity for any buyer who is looking for a turn-key yacht at an attractive price, Owner is very motivated and will consider any realistic offers.

KEY FEATURES

- In as-new condition, with very low engine hours
- Modern exterior design with sleek and striking lines
- Outstanding volume of 499 GT
- Steel hull and aluminium superstructure
- Beach club fully equipped including steam room
- Master Cabin on upper deck with cinema room and access to aft deck
