Description

The FERRETTI CUSTOM LINE NAVETTA 28 represents the 'slow motion' philosophy that has always characterized Ferretti Custom Line semi displacement large yachts. These spacious yachts are fuel-efficient and allow for sailing back and forth to significant distances, without the need for refueling.

This 2015 CUSTOM LINE NAVETTA 28 motor yacht for sale is an exceptional and rare opportunity that should not be missed. This yacht is a true gem, offering the space and luxury of a superyacht while maintaining a load line below 24m.

The yacht immediately strikes for its absolutely innovative garage and swimming platform: the floodable garage stores a jet tender of 4.45 meters long which can be launched without using a davit, a bathing platform that can be extended up to 15 m², including 2 parasols and 2 lounge chairs making this area a fantastic sunbathing place. Even the cockpit offers an original multi-function sunbathing area that can be used in 5 different ways.

Come on board this 93' NAVETTA 28 and you will immediately be stunned by the most sophisticated interior design, signed by the renowned Eric Kuster, which adds a touch of elegance to this exquisite vessel. With meticulous maintenance and continuous upgrades overseen by a dedicated full-time Captain, this yacht was lastly refitted in 2023 and presents in excellent condition.

Innovative equipment chosen to make your stay on board truly unique and memorable. Natural light and spacious volumes are the dominating elements of the interiors: in the living room, continuous windows stretch from bow to stern, while on the second deck, the circular glazing door makes you feel you are in deep connection with the sea.

The Master stateroom on the main deck at bow, has, a wide walk-in wardrobe/dressing room, large windows and the shower room is also used as a Turkish bath. Below deck, a central lobby leads to the 4 other guest cabins, 3 of which are double and one fitted with twin beds; all have en-suite bathrooms and separate showers and are beautifully decorated combining luxury and elegance while ensuring a "make yourself at home" feeling.

The panoramic upper deck dominated by the circular glazed sliding door system embraces the dining area and connects the interiors to the outdoor areas, which are amazingly wide. A concealing TV screen in the outer ceiling can be, thanks to its 180° rotation system, watched from both the outside area and the indoor dining area.

Finally, going up to the third deck you will discover a very private area. After a dip in the Jacuzzi, you will forget everything lying down the very spacious sun pad, away from everyone's sight. The upper deck also hosts a standing shower, a canopy over part of the sun pad and a high fountain pouring water directly into the Jacuzzi.

The standard audio/video equipment installed on the CUSTOM LINE NAVETTA 28 is truly impressive. This amazing system, called 'VOTIS' (Videoworks One Touch Infotainment System) allows to control through iPads the whole entertainment system installed, thereby replacing all the remote controls of the various on board appliances with one single device.

This CUSTOM LINE NAVETTA 28 is powered with two 1200 Hp MAN diesel engines, pushing her up to 16 knots with a cruising speed of 12 knots and 1400 nautical miles range at her economical speed of 10 knots. She is equipped with dual zero speed and at anchor stabilization system. This yacht is also commercially registered in the UK and has established herself as one of the most sought-after charter vessels in her class.

Please click on the « Other Details » tab for complete specifications of this Compact Tri-deck Yacht for Sale.
