Important to point out is that whilst comfortably accommodating 10 guests in 5 en-suite staterooms, in a testament to Astondoa’s versatility. The interior is modern and stylish using white and black lacquered elements paired with a welcoming grey colour palette, coffee-toned oak flooring, stainless steel and black leather wall panelling delivering a clean and bright feeling.

One of the key deck features of this ASTONDOA 100 CENTURY motor yacht is her extremely spacious flybridge running almost the entire length of the yacht while maintaining wide and practical side passages and complete with outdoors SPA pool, sun pads, wide side decks, upper helm station, sunbathing space, wet bar, outdoor galley with BBQ grill and seating areas. Her retractable sunroof offers the perfect set up for sunworshippers on the sundeck.

Power is ensured by a pair of 2186 Hp MTU Diesel engines, providing a top speed of 26 knots, a comfortable cruising speed of 22 knots and a long-range (645 nautical miles) at her economical speed of 12 knots. For enhanced comfort, the yacht carries an underway and zero speed stabilizing system.
