Description

26.76m Sanlorenzo SL86 Flybridge Yacht for Sale.

The SANLORENZO SL86 has trickled-up to all of its planing GRP range, so what we have here is not just a highly desirable motor yacht, but also a blueprint for Sanlorenzos of the future.

This 26.76m SANLORENZO SL86 for sale is a new-generation motor yacht built by Sanlorenzo from Italy who delivered the vessel in 2018 to a knowledgeable yachtsman. The yacht has a beam of 6.35m, a draft of 1.90m and an impressive volume of 90 GT. She was built on a planing GRP hull and GRP superstructure, with teak decks.

This flybridge yacht features exterior and interior design by Officina Italiana Design (Mauro Micheli), with naval architecture by Sanlorenzo.

Combining Sanlorenzo experience with new innovative ideas, this SANLORENZO SL86 is a blend of dynamic design and comfort. Her interior design is modern and minimalistic, two large windows amidst to saloon provide its guests with eye-gazing sea views and natural light.

One of the SL86's major selling points is its tender garage, which allows the flybridge deck to be dedicated to relaxing and entertaining. With Paola Lenti lounges, sofas, chairs and tables in informal groupings on the flybridge, enhancing the resort feel of this open-air deck.

The flybridge bar has built-in barbecue, sink, icemaker and optional refrigerator, and is fronted by striking stainless steel designer barstools. Overhead, the hardtop incorporates a skylight with electric louvres that can be opened beyond the vertical position to block the sun more efficiently.

A C-shaped foredeck lounging area with its own removable sunshade completes the layout of the SANLORENZO SL86.

This SANLORENZO SL86 provides comfortable and luxurious accommodation for 8 guests in 4 spacious en-suite cabins (Master, VIP & 2 x Twin) with contemporary Italian style, and she also has accommodation for 3 crew members for appropriate service.

Equipped with zero speed electric fin stabilizers and increased acoustic insulation, she provides the utmost comfort during cruises. Her comprehensive list of options also include bow and stern thrusters, an easy-launch tender garage, hydraulic swim platform, hard top with opening sunroof, Paola Lenti & Poltrona Frau furniture and Minotti soft goods.

This SANLORENZO SL86 is powered by twin 1849 Hp MTU diesel engines, which give her a cruising speed of 26 knots and a top speed of 32 knots.

With a single Owner since new and maintained meticulously by professionals to the highest standards, this SANLORENZO SL86 represents a rare opportunity on the market for a recent SL86.

Viewings are highly encouraged in Naples, Italy.
