Description

29.2m Ferretti 960 Flybridge Yacht for Sale.

This 29.2m FERRETTI 960 Flybridge motor yacht for sale was built in 2014 on a GRP planing hull and results from the collaboration between Studio Zuccon International Project, Ferretti Group Engineering (the team of engineers and architects of the Group), and AYT&D (Advanced Yacht Technology & Design), the research center of the Group.

Finished with the highest build specification and presented in impeccable, ready-to-cruise condition, this exceptional yacht has had one private owner and same captain since new, therefore benefitting from full maintenance history available upon viewing.

With its 29.2m of length overall and 23.97m of hull length the FERRETTI 960 can be registered as a pleasure boat under 24m. The FERRETTI YACHTS 960 is also built to the highest European standards with CE A - Ocean Category.

The FERRETTI 960 features an unparalleled liveability for 10 guests. It is the first yacht of the brand with the Owner's stateroom located on the main deck, 2 VIP and 2 versatile guest cabins on the lower deck each equipped, with its own en-suite facility, enormous glazing for natural light and portholes for natural ventilation and entertainment systems.

This raised pilothouse flybridge yacht offers numerous solutions and attributes which usually are reserved for vessels over 100' including 3 crew cabins of which 1 is exclusively dedicated for the captain as well as a separate access to the crew quarters directly from the galley.

The flybridge and the stern area are entirely devoted to leisure. The garage door is fitted with cushions, while the bathing platform can be immersed in the water to allow for the launching of the tender in just a matter of minutes from the floodable garage without the need of a davit: a system which has set the benchmark in the industry for a unique solution on a vessel of this size.

This FERRETTI 960 motor yacht for sale is one of the fastest vessels in its class since she's powered by the (optional) larger twin 2637 Hp MTU diesel engines providing exhilarating top speeds of 29 knots and cruising speeds in the range of 20 to 24 knots.

This vessel is fully equipped zero speed and underway gyroscopic stabilizers, giving owners an incredibly elevated level of stability to reduce roll and ensure maximum comfort onboard, at anchor and during navigation. The rest of comprehensive equipment includes bow and stern thrusters, 4 control stations, satellite TV, 2 generators, watermaker, garage for a Williams 445 tender, stern platform lounge and hydraulic bathing platform.

Early offers and viewings are highly recommended since she is now fully serviced and ready for the season.

KEY FEATURES

- *World Yacht Trophies - Winner - Best Innovation Design Award*
- Possible to register under 24 metres
- 10 Guests in 5 en-suite cabins including main deck Master suite

- Single Owner, Privately owned and EU VAT paid since new

Interior Design: Zuccon International Project

Type: Motor Yacht / Flybridge Yacht / Raised Pilothouse

Hull Type: 12° deadrise warped hull / Planing

Hull Material: GRP

Superstructure Material: GRP

Decks: Teak

Year Built: 2014

Overall Length: 29.20 m (95' 10')

Hull Length: 23.98 m (78' 8")

Waterline Length: 22.34 m (73' 4")

Maximum Beam: 6.72 m (22' 1')

Draft: 2.20 m (7' 3")

Displacement Unladen: 87,000 kgs (191,802 lbs)

Displacement Laden: 99,000 kgs (218,258 lbs)

Gross Tonnage: 93.49 GT

Classification: CE Cat A Ocean (Highest) - RINA S.p.A.

Flag of Registry: United Kingdom

Location: South of France

PROPULSION

Type / Fuel: Twin Diesel

Main Engines: 2 x 2637 Hp MTU 16V 2000 M94 @ 2450 RPM

Engine Hours: 1690 h (July 2025)

Maximum Speed: 29 knots

Cruising Speeds: 20 to 24 knots

Fuel Consumption: 500 l/h @ cruising speed

Range:

- 280 NM @ Max Speed
- 350 NM @ Cruise Speed

Transmissions: V-drives

Gearboxes: ZF Reduction gear

Propellers: 2 x 5-blade fixed pitch bronze props

TANKAGE

Fuel Capacity: 9,000 l (2,378 USG)

Fresh Water Capacity: 1,320 l (349 USG)

Black Water Tank: 330 l (87 USG)

Grey Water Tank: 330 l (87 USG)

ACCOMMODATION

10 Guests in 5 en-suite staterooms

Guest Cabin Configuration:

- Master Cabin forward on the main deck with double island bed, walk-in wardrobe, and en-suite bathroom with separate toilet

Stern Thruster: ABT Trac hydraulic

Rudder control system

Fuel Filter System: ALFA LAVAL

Watermaker: IDROMAR 180 l/h

Air Conditioning System: CONDARIA, Tropical spec reverse cycle

Hot Water: 2 x Boilers

Hydraulic bathing platform

Hydraulic tender garage and launch system

Electric WCs with fresh water flush

Black water tank

Grey water tank

ELECTRICAL EQUIPMENT

Electrical Circuits: 380V / 220V / 24V / 12V

Generators: 2 x ONAN 27 kW

Generator Hours: 3200 h (July 2025)

Battery Chargers: 12V 25A

Services, engines start, generator start and emergency battery banks

Inverter

Shore power plug

NAVIGATION & COMMUNICATION EQUIPMENT

MTU electronic engine controls

MTU electronic engine displays

Navigation & communication system fully equipped by SIMRAD (includes SIMRAD Upgrade):

- 2 x Monitors 19"
- 2 x Monitors 17"
- GPS
- Plotter
- AP24
- Radar
- Autopilot
- VHF 90
- Eco sounder
- Log

NAVIOP onboard systems computer

SAT KVH M7

AIS (receiving signal)

Second station on the flybridge

CCTV:

- 1 x in the Cockpit
- 1 x on swimming platform
- 2 x in the engine room
- 1 x external colour camera, additional
