Description

116’ Brand New Azimut Grande 36M Evo Tri-deck Superyacht for Sale.

“Skip the long waiting line” with this new-build 116’ AZIMUT GRANDE 36M EVO motor yacht for sale and ready for January 2026 delivery with EU + US specifications and full options in excess of € 4 million !

With her original and modern design, the AZIMUT GRANDE 36M Evo is a Superyacht that synthesizes cutting edge style and attitude. From the unprecedented semi-walkaround upper deck inspiring freedom of movement to the fully retractable side windows posing a special gateway to the sea, all elements contribute to visually blend interior and exterior spaces. A barrierless lifestyle naturally blurs the boundaries between onboard pleasure and oceanic greatness.

Using GRP for the highly efficient D2P - Displacement to Planing® hull and Carbon Fiber for the superstructure, with the skills of Alberto Mancini (exteriors) and their new exquisite designer M2 Atelier (interiors) responsible for the design of this forward-thinking Tri-deck yacht, this latest addition to the Grande Collection family was undoubtedly created by internationally renowned designers. Her main assets include her habitability and a contemporary Italian decoration you will never grow tired of, along with an ATLAS frequency converter.

The AZIMUT GRANDE 36M EVO is instantly recognizable by her elongated lines and clean surfaces. The exterior design matches the superyacht’s substantial size with a sportive stance, aided in breaking up the volumes by the sculpture of the hull sides.

With the AZIMUT GRANDE 36M EVO, Azimut introduced the first semi-walkaround upper deck that runs flush from the stern to almost the extreme bow, offering unprecedented freedom of movement. The side windows are fully retractable, joining the skylounge with the aft terrace, equipped with M2 Atelier modular loose furniture to create a versatile and immense barrierless area. Wrapping around to the bow, we come to a whirlpool tub made entirely of glass and a sunbathing area equipped with every comfort.

Striving to realize her Owner’s dreams, this AZIMUT GRANDE 36 proposes unprecedented personalization at every level. The size of the skylounge gives the freedom to appoint it according to the Owner’s lifestyle. Aside from the lounge cinema setup, it may also be configured as the main indoor dining. The informal seating arrangement closest the skylounge is protected on the sides and from above, creating a recessed retreat from which to enjoy the fresh air without wind or weather.

With the tender and toys stored in a lateral-launching garage, the Grande 36M dedicates the entire waterfront to relaxation. The transom platform folds down, simultaneously creating a substantial and amply appointed beach club, to offer unexpected comfort and closeness to the sea.

The sundeck is particular among the outdoor spaces, offering every essential for hosting in an intimate setting. The cockpit blends the beach area together with the main deck, with sheltered, open-air dining and an American bar.

The modular lounging area at the entry of the main deck proves that space is a luxury, taking thoughtful advantage of the furniture arrangement to provide clear views through full-height windows and separate pathways on either side; one for the guests and one for the crew. Between the 270-degree view onto the sea and the sculpted galley bulkhead, which artfully imitates waves, the dining arrangement observes nautical tradition with radical openness.

This AZIMUT GRANDE 36 METRI EVO boasts the 5 en-suite stateroom layout for up to 12 guests, featuring the facing-forward and full-width Master cabin on the main deck. 2 VIPs and 2 Twins with additional Pullman beds, are found in the lower deck. This layout is equally perfect for private use or charter.

Navigation is made extremely comfortable thanks to zero speed and underway stabilizers as well as powerful propulsion comprising twin 2400 Hp MTU diesel engines delivering a top speed of 24 knots and a cruise speed of 22 knots.

Early viewings and offers are strongly encouraged.

Please click on the « Other Details » tab for complete specifications of this Superyacht for Sale.

Notes: This is a brand-new Yacht, under full Manufacturer's warranty.

Delivery: January 2026.
