Description

15.33m Ferretti Yachts 500 for Sale.

This FERRETTI 500 for sale is a 15.33-meter (50’ 4”) planning yacht with a flybridge, designed for both luxury and performance. The Ferretti Yachts 500 seamlessly blends luxury, functionality, and performance, making it an ideal choice for those seeking a compact yet capable flybridge yacht. Its thoughtful design, high-quality build, and comfortable living spaces ensure a pleasurable experience whether at sea or at anchor. The yacht features a fiberglass/GRP hull and holds a CE certification Class A.

Powered by twin 550 Hp Cummins diesel engines, with low hours and joystick manoeuvrability, she reaches a top speed of 30 knots, a cruise speed of 25 knots, allowing the vessel to reach a range of 400 nautical miles.

Breathtakingly beautiful, astonishingly comfortable with soft interior-design moods, the Ferretti Yachts 500 ushers in a new era for the brand. Also categorized as a ‘Flybridge Cruisers’, the vessel combines nautical adventure with the domestic dimension in spaces and solutions of a comfort you’d normally expect only on rather larger craft. The overall effect is a family ambience that immerses guests in a sensation of total well-being. Rediscovering the pleasure of leisure, by yourselves or with your nearest and dearest, means living your yacht like the exclusive, authentic multi-sensory habitat she is.

The interior of the FERRETTI 500 is designed to maximize space and comfort. The saloon is particularly well thought out, with a window that can pop up to seamlessly connect the cockpit with the living area. The galley, though compact, is functional with essential features, including a four-burner induction hob, microwave, dishwasher, and under-counter fridge/freezer units. The saloon is furnished with comfortable cloth seating, a large dinette, and an electrically retractable TV. The lower helm station is equipped with an adjustable seat and electric blinds for added convenience, while the open area below the windscreen allows natural light to flood the lower deck.

Boasting 3 cabins for 6 guests, the full-beam Master suite, located in midships, provides good headroom, ample storage, and a luxurious atmosphere. It includes a large TV, side tables, electric blinds, and opening ports for ventilation. The ensuite bathroom is well-finished, though sliding doors would further enhance space efficiency. Forward, the VIP cabin offers generous floor space, a comfortable bed, and sufficient storage. The twin bunk-bedded guest cabin to starboard is spacious, offering reasonable storage and its own hanging locker.

Class-leading design, engineering, build and finish make the FERRETTI 500 a leading flybridge family cruiser, nothing on the preowned market beats this superb Ferretti.

With a single Owner from new, full options including a gyro zero-speed and underway stabilizer, this boat is maintained to a very high standard by an experienced motor boat owner. Equipped with joystick manoeuvrability for easy close quarter docking - The “perfect Owner-operated” cruiser.
