Description

37.44m Sanlorenzo SD122 Superyacht for sale.

This 37-meter SANLORENZO SD122 Superyacht for sale is a sumptuous semi-displacement fiberglass yacht built in 2009 in Italy and presently looking better than ever after comprehensive refits in 2017, 2019, 2025 and 2026. With award-winning modern lines designed by Francesco Paszkowski and naval architecture by Sanlorenzo, this motor yacht also boasts stunning Italian redesigned interior by Marianna Sallemi (Spazio Sallemi). Her spaciously elegant interiors, vast decks, complete with a beach club and Jacuzzi on the sundeck, perfectly transcend the Mediterranean al-fresco lifestyle.

Furthermore, the yacht successfully completed her 10-year Classification survey in April 2019, her 5-year class renewal in 2024 and her current owner has spared no investment in professional maintenance, refits, regular upgrades and updates.

The overall space and liveability of this 37.44m triple-deck SANLORENZO SD122 motor yacht must be seen to be appreciated. With an impressive volume of 308 GT, this yacht can comfortably accommodate up to 12 guests in 5 en-suite staterooms. The generous on-deck Owner’s suite features a full-beam layout, complete with a lounge/cinema/media room, a spacious walk-in closet, and separate his-and-her bathrooms. Below decks, a stairwell leads down to 4 en-suite guest staterooms, which include 2 Queen VIP cabins and 2 twin cabins equipped with Pullman beds, ensuring ample accommodation for all guests. For maximum service onboard, she also carries up to 7 crew in 4 cabins.

Her contemporary and modern interior features a butterfly-cut marble lighting wall in the dining area, elegant grey wooden flooring throughout, luxury linens, and cosy Scandinavian minimalistic furnishings. Leather and silk inlays adorn her furniture and cabin panelling. Each cabin onboard this SANLORENZO SD122 features exquisite white marble bathrooms. Plush carpeting made of silk and wool completes the Master and Guest cabins.

The versatility of this SANLORENZO SD122 Superyacht, is immediately evident upon boarding. There are multiple ways to access the vessel, including a hydraulic stern passerelle designed for Mediterranean mooring, boarding gates located to port and starboard of the aft deck, or by stepping onto the integral swim platform, which provides stairs leading up to the aft deck on both sides. The covered aft deck serves as a casual lounging area for 10 guests around a coffee table, with easy access to the stairwell leading to the sky lounge deck. This is cleverly concealed behind a curved glass door that integrates seamlessly into the main saloon’s glass bulkhead. Guests can also use the walk-around side decks, which lead to lounging areas at the front, or enter the main saloon through double sliding glass doors.

Moving to the upper skylounge, you'll find a spacious area equipped with a serving pantry and a day head. This lounge leads to an exceptionally large upper aft deck that boasts a covered formal dining area capable of seating 10 guests. There is also a lounge area shaded by sunshades, providing another comfortable spot for 10 guests. The sundeck offers additional exterior entertainment space, featuring a wet bar, a casual lounging area, and a hot tub with sun pads situated at the front. Combined with the spacious covered aft deck and two sun pads, as well as a seating area on the foredeck, these outdoor spaces create an exceptional environment for even the largest groups to relax and unwind.

Inside, the saloon is thoughtfully split into two distinct areas. A sectional leather sofa provides a relaxing space and is separated by a decorative storage and Curio cabinet from the dining room located forward. To starboard, you will find the main deck guest entrance and a day head, which leads directly to the on-deck, full-beam Owner’s suite. To port, the dining saloon connects to the stew pantry, crew entrance, and the on-deck fully equipped galley.

Fitted with zero speed stabilizers, and reliable twin 1624 Hp Caterpillar diesel engines, the yacht reaches a maximum range of 3,000 nautical miles at her economical cruising speed of 11 knots, cruises comfortably at 14 knots, while her maximum speed is 17 knots.

This popular SANLORENZO SD122 yacht for sale offers great space and versatility in a compact triple-deck size, with a great family or charter layout. Lots of covered and shaded exterior spaces, well maintained, including 3 major refits and significantly modernized.
